DIGITAL BUSINESS MANAGEMENT

TODAY, EVERY BUSINESS IS A DIGITAL BUSINESS

In every country, in every industry, traditional business models and processes are being transformed by the rise of new digital technologies, global markets and new way of managing a business.

Think about companies such as Uber, Netflix or Airbnb that didn't even exist 10 years ago. They are all operating with new processes, new tools that require specific skills and flexible mindset. This program has been designed to prepare you for these new requirements.

Reimagine businesses in a digital world. In order to adapt and remain successful, organizations need people who can think creatively and leverage each step of digital change to create new value for customers and therefore new opportunities for businesses. And to invent tomorrow, you need to know how to transform ideas into a valuable concept before launching it on the market.

The Digital Business Management Bachelor Program focuses on how young entrepreneurs like you can design new strategies and create business models in order for companies or start-up to be successful in this digital world. Participants will develop the right digital mindset, master a set of digital tools and be able to create new business strategies to be applied immediately in companies or start-ups.

"65% OF TODAY'S STUDENTS WILL BE EMPLOYED IN JOBS THAT DON'T EXIST YET."

PHIL GALLAND

Program Director – Bachelor in Digital Business Management & Head of digital marketing programs

180 ECTS CREDITS

CORE PROGRAM CONTENT

3 YEARS FULL TIME STUDY

2 INTERNSHIPS OF 5 MONTHS EACH

PROJECT BASED LEARNING

During this Bachelor's course, students will have the opportunity to work on concrete projects and workshops. They will apply the knowledge that they have acquired in a final assignment aiming at launching their own project.

This cutting edge program aims to first develop the fundamental management knowledge and capabilities and then deep dive into the new business rules that are shaping every industry.

There will be 2 mandatory internships of 5 months each. The first one will take place after 12 months of study and the second one at the end of the Bachelor's degree.

The INSEEC Group, through Sup de Pub, has been partnering closely with CREA since 2008. This successful collaboration has resulted in CREA officially joining the Group in September 2014. With more than 22,000 students and 40,000 alumni, the INSEEC Group has strengthened its rank among the most important French higher-education institutions.

Present in four large French cities (Paris, Lyon, Chambéry and Bordeaux), as well as abroad (Monaco, London, San Francisco and Shanghai), the INSEEC Group brings together all the exciting

possibilities and stimulating environments that large cities provide. Backed by a network of 180 prestigious universities, the INSEEC Group offers numerous possibilities of double-diplomas and academic exchanges worldwide to its students (under certain conditions).

CREA students now benefit from the strength of an international group that provides global recognition of their diplomas and allows them to continue their studies in Switzerland or abroad. www.inseec-u.com
